Furniture Companies Honor Veteran Employees At Fourth Annual Dinner; Casey Speaks

"Experience and team play" were described by Daniel N. Casey, secretary of the Harrisburg Chamber of Commerce, as the two greatest attributes any organization can have in a speech at the fourth annual dinner held by the local furniture companies Thursday night at Graf-fenberg inn in recognition of employees who have served more than 20 years.

Engraved, gold wrist watches were presented to nine who this year completed 25 years as employees of the three furniture companies and pen and pencil sets were presented to four who complete 20 years.

The new "25 Year Club" members are Helen S. Zeilman, Walter A. Cline, Howard H. Ecker, Samuel K. Eiker, Edward W. Eiker, Amos E. Kump, Robert A. Sanders, Jacob J. Wright and Cletus W. Sanders.

The new members of the "20 Year Club" are Ray L. Knouse, E. Ross Koons, Dorothy A. Swisher and Henry T. Zurgable.

Praised By General Manager Sixty-four employees of the Gettysburg Furniture company, the Reaser Furniture company and the Gettysburg Panel company company have served for 25 years or more. Heading the list is Harold A. Strick-houser, who has been employed there for 43 years. Close behind him are Jesse Scott and William J. Murray, both of whom have served 42 years.

Twenty-seven are members of the "20 Year Club" which includes those who have been employees for 20 years or more and less than 25 years. The "20 Year Club" yearly "graduates" members into the 25-year group.

M. C. Jones, general manager of the furniture companies, was toast-master for the dinner program and presented the awards given the new members of the "clubs." He praised the veteran employees for their loyalty to the firms and their skill as craftsmen.

"Substantial Citizens" The speaker of the evening noted that "The thing that is threatened with destruction today is our way of life. All over the world smoldering fires are ready to burst into conflagration. Their aim is to burn out the civilized and orderly progress of life, to destroy initiative and enterprise and in its place to substitute the regimented iron foot which would crush the world into slavery, give domination, power and wealth to a handful of fanatics.

"Is this thing we talk about—security—of any value, if our way of life is taken from us now? It would have no value whatsoever because there would be no future, no hope. "Satisfaction in the way of life, contentment with occupation and facing the future with confidence are some of the greatest factors that make for happiness. Good health, good environment and good neighbors are things that are priceless, they cannot be bought at any price.

"Here we have a group of folk who have demonstrated that they possess the great element of perseverance—stick-to-itiveness. There are no stragglers, no gypsies, no chasers of the rainbow. Here we have substantial citizens.

Must Recognize U. S. Enterprise "We hear stories about loyalty to the country but we have got to recognize that the country is merely a group of small units which we call states, cities, boroughs, townships and other places where people live. We have to be loyal to the place where we live.

"We must recognize the thing we call American enterprise. Millions of people today don't have any comprehension at all as to how the economic systems work. "You have heard over and over and over that under this American enterprise system we collectively have gained the highest standard of living in the world and the highest progress.

G.S. PLAYS WILL BE BROADCAST

The monthly meeting of the Adams County Girl Scout Council was held Thursday night in the Girl Scout room. Miss Marion Tupper and ten board members were present with Mrs. Raymond F. Sheely presiding.

Routine business was transacted. The chairman for public relations reported that arrangements have been made to broadcast three radio plays over station WGET during Girl Scout Week, October 29 to November 4. The plays will be cast from troops in Gettysburg and Littlestown and will show how various activities and interests are developed through Scouting.

Miss Tupper reported that several troops of Girl Scouts are selling cookies and that part of the money thus earned is to help defray camping expenses next summer.

Miss Tupper and Mrs. Sheely reported on the regional conference of the Girl Scouts in Pittsburgh October 8 to 10, from which they had just returned. Headlining the program was Mrs. Paul Rittenhouse, national executive director of the Girl Scouts of the U.S.A., who spoke on "The Responsibilities of Membership in the Girl Scouts." CHARGE DRIVER AFTER HIT-RUN CRASH THURSDAY

State police of the Gettysburg substation today filed a hit and run charge against Howard Preston Hulshart, 49, Maryland trucker whose address was given as Stewartstown, Pa., following an accident on Mt. Newman 12 miles west of Gettysburg shortly before noon Thursday.

Whether Hulshart is brought back to Adams county immediately to face the charge of leaving the scene of an accident without revealing his identity is dependent upon disposition of a drunken driving charge in Franklin county, police said.

Hulshart is alleged to have struck a Valley Baking company service truck from Shippensburg, driven by William A. Farmer. Damage to the truck was estimated at \$75. Only slight damage to Hulshart's bumper was reported.

Priest's Car In Crash Chambersburg police arrested Hulshart on the charge of driving a motor vehicle while under the influence of intoxicants at 12:15 p.m.

State police here said if Hulshart is released on bail in Chambersburg he will be brought here on the hit-run charge. Otherwise, a detainer will be filed.

An automobile driven by Rev. Fr. George A. Lavelle, former pastor of St. Aloysius Catholic church, Littlestown, who was transferred to a Lykens church recently, and one operated by Frances R. Tyler, Cambridge, Md., figured in an accident at 3:20 p.m. Thursday at the York Springs intersection of the Gettysburg-Harrisburg and Carlisle Hanover roads, police said.

The Tyler automobile was traveling east on the Carlisle-Hanover road and failed to yield the right of way to Fr. Lavelle's car, which was traveling north on Route 15. Damage to the priest's car was estimated at \$200, and to the Tyler car at \$50. Mrs. Tyler paid a fine of \$10 and costs to Justice of the Peace F. E. Coulson, York Springs.

"Help Postman Spread Cheer Next Week" Say PO Officials

Postmaster Lawrence M. Oyer—"and all the other postmasters in the United States—were out reminding folk today that now is the time to write those letters you've been putting off for weeks and months.

National Letter Writing Week will be observed starting Sunday by the post office department and the motto is, "Don't Delay—Write Today."

To promote the idea, the post office department has put out a little pamphlet noting that "Letters Bring Happiness To Our Land."

"Think of the finest letter you ever received. Remember how happy you were," asks the post office department.

The department then seems to get a little personal: "Was it the letter that offered you your first job? Was it a message from a high school sweetheart? A letter from an old neighbor who keeps friendships alive? A wonderful note from home when you were far away?"

Donald Gelman, 155 South Washington street, reported Thursday night to borough police that a radiator cap and gas tank cap were missing from his automobile, presumably the work of Halloween pranksters.

State police received a call this morning that someone had let the air out of a motorist's tires during the night.

WIND BREAKS POWER LINES; CALL FIREMEN

Thursday afternoon's wind, rain and electrical storm brought down two high tension power wires at Baltimore street and Locust Lane, resulting in calls to the Metropolitan Edison and the Gettysburg Fire company at 2:55 p.m.

One of the "live" wires fell across a highway school zone sign, burning it, while other wires flashed and threw out sparks where they fell. Members of the fire company acted as traffic officers, holding back automobiles until the Metropolitan Edison crews made repairs.

The short circuits from the fallen wires were caused by a large tree limb which fell on them, officials said.

Call This Morning Borough police reported that a wire was also broken in front of 34 West Middle street.

Power lines were down a short distance south of East Berlin on the Hanover road and traffic held up until repairs were made Thursday afternoon. A pole was blown partially across the highway. While traffic was being held up, one automobile ran into the rear of another, but state police said damage was slight and no record was made of the accident.

Gettysburg firemen were called again at 11:20 o'clock this morning to the second floor apartment of Dr. Raymond P. Hill, 80 Chambersburg street, when a gas stove flared up. Firemen said there was no damage.

37 Warships Pounding Red Supply Lines; 3-Ply Attack

By REILMAN MORIN Tokyo, Oct. 13 (AP)—Thirty-seven bombarding warships, South Korean ground forces and Allied planes hacked away today at Red Korean supply lines from Soviet Siberia on the blazing new northeastern coastal fighting front.

There still was no evidence of an Allied amphibious landing along the heavily bombed coast.

But the South Korean Infantry (Roks) made it a three-ply attack with an unexpected thrust north from captured Wonsan, port on the Sea of Japan.

Premier Admits Peril

(Red Korea's Premier Kim Il Sung was quoted by the Chinese Communist radio as acknowledging Wednesday: "Now our motherland is in a very dangerous position." It appeared to be his frankest admission that his Russian-sponsored regime faces defeat. Previously he was defiant. The Red China broadcast was heard in San Francisco.)

Expected to swing west across the peninsula toward the Red capital, Pyongyang, the Roks hit straight up the coast instead. Across the peninsula, Allied drives toward Pyongyang moved steadily ahead—but fighting was tougher.

The Roks were 120-odd miles from the 130-mile-long northeastern coastal strip where the United Nations bombardment fleet led by the battleship Missouri poured fire and steel ashore Thursday and Friday in continuing big gun and carrier plane assaults.

Have Powerful Support

The Roks troops were powerfully supported by fighter planes and the U.S. cruiser Rochester, a detached unit of the roving heavy bombardment fleet.

To map high strategy on what appears to be the final phases of the Korean war: General MacArthur prepared to leave Tokyo early Saturday for his week-end Pacific rendezvous with President Truman.

President Truman was flying across the Pacific to the meeting place—believed to be Wake Island. On Korea's east coast ground fighting front, AP Correspondent William Jordan reported the South Koreans pushed three miles north on Wonsan Friday against light resistance. Fighter planes and artillery smashed Red pockets head of the Roks.

In their advance through the hills northwest of Wonsan, the South Koreans captured three Russian-made 40mm anti-aircraft guns and large quantities of small arms and ammunition.

Furniture Companies Honor Veteran Employees At Fourth Annual Dinner; Casey Speaks

"Experience and team play" were described by Daniel N. Casey, secretary of the Harrisburg Chamber of Commerce, as the two greatest attributes any organization can have in a speech at the fourth annual dinner held by the local furniture companies Thursday night at Grafenburger inn in recognition of employees who have served more than 20 years.

Engraved, gold wrist watches were presented to nine who this year completed 25 years as employees of the three furniture companies and pen and pencil sets were presented to four who complete 20 years.

The new "25 Year Club" members are Helen S. Zeilman, Walter A. Cline, Howard H. Ecker, Samuel K. Eker, Edward W. Elker, Amos E. Kump, Robert A. Sanders, Jacob J. Wright and Cletus W. Sanders.

The new members of the "20 Year Club" are Ray L. Knouse, E. Ross Koons, Dorothy A. Swisher and Henry T. Zurgable.

Praised By General Manager

Sixty-four employees of the Gettysburg Furniture company, the Reaser Furniture company and the Gettysburg Panel company company have served for 25 years or more. Heading the list is Harold A. Strickhouser, who has been employed there for 43 years. Close behind him are Jesse Scott and William J. Murray, both of whom have served 42 years.

Twenty-seven are members of the "20 Year Club" which includes those who have been employees for 20 years or more and less than 25 years. The "20 Year Club" yearly "graduates" members into the 25-year group.

M. C. Jones, general manager of the furniture companies, was toastmaster for the dinner program and presented the awards given the new members of the "clubs." He praised the veteran employees for their loyalty to the firms and their skill as craftsmen.

"Substantial Citizens"

The speaker of the evening noted that "The thing that is threatened with destruction today is our way of life. All over the world smoldering fires are ready to burst into conflagration. Their aim is to burn out the civilized and orderly progress of life, to destroy initiative and enterprise and in its place to substitute the regimented iron foot which would crush the world into slavery, give domination, power and wealth to a handful of fanatics.

"Is this thing we talk about—security—of any value, if our way of life is taken from us now? It would have no value whatsoever because there would be no future, no hope.

"Satisfaction in the way of life, contentment with occupation and facing the future with confidence are some of the greatest factors that make for happiness. Good health, good environment and good neighbors are things that are priceless, they cannot be bought at any price.

"Here we have a group of folk who have demonstrated that they possess the great element of perseverance—stick-to-itiveness. There are no stragglers, no gypsies, no chasers of the rainbow. Here we have substantial citizens.

Must Recognize U. S. Enterprise

"We hear stories about loyalty to the country but we have got to recognize that the country is merely a group of small units which we call states, cities, boroughs, townships and other places where people live. We have to be loyal to the place where we live.

"We must recognize the thing we call American enterprise. Millions of people today don't have any comprehension at all as to how the economic systems work.

"You have heard over and over and over that under this American enterprise system we collectively have gained the highest standard of living in the world and the highest progress.

Cites Milestones On Red Path

"But the cancer that's eating at the root of our national happiness is another thing that again people are hearing so much about—communism. The real stark facts about the situation in Korea people don't want to read—they are too gruesome, too awful, too foreboding. The cost of our decision to fight Stalin there has been appalling. Up to the first of October 17,000 casualties, 2,500 of whom will never return.

"But the most horrible fact is that the military plans of the world were not able to stop the savages who poured out of the hills in Korea, who lived for days on nothing, who had no hospitalization, who were

G.S. PLAYS WILL BE BROADCAST

The monthly meeting of the Adams County Girl Scout Council was held Thursday night in the Girl Scout room. Miss Marion Tupper and ten board members were present with Mrs. Raymond P. Sheely presiding.

Routine business was transacted. The chairman for public relations reported that arrangements have been made to broadcast three radio plays over station WGET during Girl Scout Week, October 29 to November 4. The plays will be cast from troops in Gettysburg and Littlestown and will show how various activities and interests are developed through Scouting.

Miss Tupper reported that several troops of Girl Scouts are selling cookies and that part of the money thus earned is to help defray camping expenses next summer.

Miss Tupper and Mrs. Sheely reported on the regional conference of the Girl Scouts in Pittsburgh October 8 to 10, from which they had just returned. Headlining the program was Mrs. Paul Rittenhouse, national executive director of the Girl Scouts of the U.S.A., who spoke on "The Responsibilities of Membership in the Girl Scouts." Mrs. Rittenhouse, who has headed the national group since 1935, has seen membership grow from 73,000 to 1,500,000. In Adams County there are 500 Girl Scouts.

The theme of this year's regional conference was "Come Along with Us in Democratic Partnership."

DEMOCRATS TO HOLD OX ROAST

U. S. Senator Francis J. Myers will be the principal speaker Saturday, October 21, at a county-wide Democratic rally and ox roast to be held at 3 o'clock in the afternoon at the South Mountain Fair grounds, near Arendtsville.

County Democratic Chairman Fred G. Klunk said that in addition to Senator Myers, Congressman James F. Lind, candidate for reelection, and Jay W. Bringham, candidate for the legislature, will speak.

Following the usual custom, the ox roast and rally will be open to the public and a program of entertainment will be provided in addition to the speeches.

Senator Myers, who served three terms in the House before his election to the U. S. Senate, is assistant majority floor leader and Democratic "whip" in the Senate, the only first-term senator ever to have that distinction. He is making his campaign on his record of support for the cold war, anti-Communist drive, the Marshall plan and all-out aid to Korea.

CHARGE DRIVER AFTER HIT-RUN CRASH THURSDAY

State police of the Gettysburg substation today filed a hit and run charge against Howard Preston Hulshart, 49, Maryland trucker whose address was given as Stewartstown, Pa., following an accident on Mt. Newman 12 miles west of Gettysburg shortly before noon Thursday.

Whether Hulshart is brought back to Adams county immediately to face the charge of leaving the scene of an accident without revealing his identity is dependent upon disposition of a drunken driving charge in Franklin county, police said.

Hulshart is alleged to have struck a Valley Baking company service truck from Shippensburg, driven by William A. Fanner. Damage to the truck was estimated at \$75. Only slight damage to Hulshart's bumper was reported.

Priest's Car In Crash

Chambersburg police arrested Hulshart on the charge of driving a motor vehicle while under the influence of intoxicants at 12:15 p.m.

State police here said if Hulshart is released on bail in Chambersburg he will be brought here on the hit-run charge. Otherwise, a detainer will be filed.

An automobile driven by Rev. Fr. George A. Lavelle, former pastor of St. Aloysius Catholic church, Littlestown, who was transferred to a Lykens church recently, and one operated by Frances R. Tyler, Cambridge, Md., figured in an accident at 3:29 p.m. Thursday at the York Springs intersection of the Gettysburg-Harrisburg and Carlisle Hanover roads, police said.

The Tyler automobile was traveling east on the Carlisle-Hanover road and failed to yield the right of way to Fr. Lavelle's car, which was traveling north on Route 15. Damage to the priest's car was estimated at \$200, and to the Tyler car at \$50. Mrs. Tyler paid a fine of \$10 and costs to Justice of the Peace P. E. Coulson, York Springs.

"Help Postman Spread Cheer Next Week" Say PO Officials

Postmaster Lawrence M. Oylor—and all the other postmasters in the United States—were out reminding folk today that now is the time to write those letters you've been putting off for weeks and months.

National Letter Writing Week will be observed starting Sunday by the post office department and the motto is, "Don't Delay—Write Today."

To promote the idea, the post office department has put out a little pamphlet noting that "Letters Bring Happiness To Our Land."

"Think of the finest letter you ever received. Remember how happy you were," asks the post office department.

The department then seems to get a little personal: "Was it the letter that offered you your first job? Was it a message from a high school sweetheart? A letter from an old neighbor who keeps friendships alive? A wonderful note from home when you were far away?"

Then it proceeds to get even more serious, "A real love letter from your wife . . . that made you realize how much good fortune was yours when she married you?"

The department then admits that

Parachute Rigger Raymond H. Bisbing is the latest countian to be reported in the Korean war area.

A son of Mr. and Mrs. Raymond Bisbing, 110 West Middle street, Bisbing is aboard the U. S. Aircraft Carrier Leyte which was reported Thursday as having joined the U. S. task force off Korea after one of the fastest voyages ever made.

The 27,000-ton carrier started August 13 from Beirut, and traveled three-quarters of the way around the world to arrive in North Korean waters.

Bisbing left the Leyte at Norfolk, spent a week with his parents, and then flew to the west coast to rejoin the ship. A letter received by his parents from him Thursday said that the Leyte was about to leave Japan and noted that he was being kept extremely busy with the work in connection with the planned sailing of the ship.

Miss Myrtle Flickinger, Hanover, gave a reading "Dried Apple Pie." Mrs. Guyon E. Buehler read "Pan, the God of October" and "Trick or Treat." Mrs. Jesse L. Clapsaddle gave two humorous readings "The Minutes of the Last Meeting" and "Col. Stoopnagle's Instructions on How to Carve a Turkey."

Six members of the Hanover club gave a costume skit entitled "Crossing the Tracks." Each member brought a small wrapped gift which was later awarded by number to another member, with the privilege of swapping it for something that had been awarded to a previous member.

Miss Doud closed the meeting with a reference to what Columbus had done by discovering America and the group sang "America, the Beautiful." Miss Ruth Angel was chairman of the Hanover group and Miss Doris Redding was in charge of arrangements for the Gettysburg club.

The ceremonies took place at a luncheon and program preliminary to the opening of Pennsylvania Week Sunday.

The 12 women selected as "most distinguished daughters" were from a group of 125 candidates nominated by 225 women's organizations in the state.

Among them, besides Mrs. Lewars, were Pearl S. Buck, (Mrs. Richard J. Walsh) of Perkasee, Bucks county, author, Nobel and Pulitzer prize winner and mother of five adopted children, and Mrs. Lyman D. Gilbert, Harrisburg, leader in public welfare projects and YWCA and Girl Scout worker.

As a Pennsylvania Week activity, the group voted to place on display in a store window in Gettysburg examples of their work during the past year. The members of the new organization were asked to bring their paintings, tinware and other art work to the YWCA Saturday and then the officers and others will arrange the window display.

Pranksters Get Early Start Here

Halloween pranksters are not waiting for the eve of All Saints Day to perpetrate their mis-deeds, according to state and borough police.

Donald Geiman, 155 South Washington street, reported Thursday night to borough police that a radiator cap and gas tank cap were missing from his automobile, presumably the work of Halloween pranksters.

State police received a call this morning that someone had let the air out of a motorist's tires during the night.

WIND BREAKS POWER LINES; CALL FIREMEN

Thursday afternoon's wind, rain and electrical storm brought down two high tension power wires at Baltimore street and Locust Lane, resulting in calls to the Metropolitan Edison and the Gettysburg Fire company at 2:55 p.m.

One of the "live" wires fell across a highway school zone sign, burning it, while other wires flashed and threw out sparks where they fell. Members of the fire company acted as traffic officers, holding back automobiles until the Metropolitan Edison crews made repairs.

The short circuits from the fallen wires were caused by a large tree limb which fell on them, officials said.

Call This Morning

Borough police reported that a wire was also broken in front of 34 West Middle street.

Power lines were down a short distance south of East Berlin on the Hanover road and traffic held up until repairs were made Thursday afternoon. A pole was blown partially across the highway. While traffic was being held up, one automobile ran into the rear of another, but state police said damage was slight and no record was made of the accident.

Gettysburg firemen were called again at 11:20 o'clock this morning to the second floor apartment of Dr. Raymond P. Hill, 60 Chambersburg street, when a gas stove flared up. Firemen said there was no damage.

37 Warships Pounding Red Supply Lines; 3-Ply Attack

By RELMAN MORIN
Tokyo, Oct. 13 (AP)—Thirty-seven bombing warships, South Korean ground forces and Allied planes hacked away today at Red Korean supply lines from Soviet Siberia on the blazing new northeastern coastal fighting front.

There still was no evidence of an Allied amphibious landing along the heavily bombed coast.

But the South Korean infantry (Roks) made it a three-ply attack with an unexpected thrust north from captured Wonsan, port on the Sea of Japan.

Premier Admits Peril

(Red Korea's Premier Kim Il Sung was quoted by the Chinese Communist radio as acknowledging Wednesday: "Now our motherland is in a very dangerous position." It appeared to be his frankest admission that his Russian-sponsored regime faces defeat. Previously he was defiant. The Red China broadcast was heard in San Francisco.)

Expected to swing west across the peninsula toward the Red capital, Pyongyang, the Roks hit straight up the coast instead. Across the peninsula, Allied forces toward Pyongyang moved steadily ahead—but fighting was tougher.

The Roks were 120-odd miles from the 130-mile-long northeastern coastal strip where the United Nations bombardment fleet led by the battleship Missouri poured fire and steel ashore Thursday and Friday in continuing big gun and carrier plane assaults.

Have Powerful Support

The Roks troops were powerfully supported by fighter planes and the U.S. cruiser Rochester, a detached unit of the roving heavy bombardment fleet.

To map his strategy on what appears to be the final phases of the Korean war, General MacArthur prepared to leave Tokyo early Saturday for his week-end Pacific rendezvous with President Truman.

President Truman was flying across the Pacific to the meeting place—believed to be Wake Island.

NATIONALIZING OF STEEL NEAR IN GREAT BRITAIN

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)
Britain's Socialist government has set February 15 for taking over the country's vast steel and iron industry—a major move in the sweeping experiment of nationalizing England.

Iron and steel, coupled with the huge coal industry which already has been nationalized, represent the keystone of the Socialist program. For it is on these three industries that the country has largely depended for its modern economic strength.

Thus it would seem that when iron and steel have joined coal in nationalization, the Socialist die will be cast.

The government will have taken a step from which successful retreat would be extremely difficult.

Would Throw It Out
True, the Conservatives under leadership of former Prime Minister Winston Churchill propose to throw out iron and steel nationalization and revert to private enterprise if and when they are returned to power. However, the backward trail would be mighty tough.

Therefore it will be with anxiety that not only Britain but her allies will watch the development of this

politico-economic experiment, especially since it is being carried out in the midst of world crisis. Of course this raises the question of whether it's the business of anybody outside England.

Well, that perhaps is a delicate point. However, Britain's allies probably aren't overstepping the bounds of propriety in taking an interest in her great experiment. It mustn't be forgotten that their fortunes are pretty well bound together in the great international defense program, in which Britain is undertaking a major part. Churchill has argued that steel and iron nationalization would greatly hamper national rearmament.

A highly interesting point in connection with this nationalization scheme is that it is being carried through by a party which has a majority of only six in the House of Commons. The Conservatives have made much of the charge that the government has no right to commit the country to such vital nationalization when the public is divided about fifty-fifty politically.

However, Prime Minister Attlee has for an answer the fact that the nationalization program has been an issue in the last two general elections—1945 and early this year—and has been approved on both occasions. He declines to let the smallness of his majority stand in the way now.

So the government is going ahead with this crucial project. Ninety-two companies are to be taken over. And these are to be administered by a seven-man board.

Harrisburg, Oct. 12 (AP)—A past vice commander of the Marine Corps League said Tuesday that Richardson Dilworth has shown "appalling ignorance" of Pennsylvania's military defense preparations.

1. Hugh McNeill, past commander, said the League three months ago passed a resolution lauding the state's civil defense efforts "which are so far ahead that even the United States government has used it as a basis for national planning."

IT'S TOUGHER TO BUY HOMES AFTER TODAY

By JAMES MARLOW

Washington, Oct. 12 (AP)—The government—starting today—is making it tougher to buy one and two family homes. But there are exceptions.

The government has issued new rules, under a law passed by Congress, which compel you to put up a bigger down payment and pay up faster on any:

1. Newly built or existing home if the government—meaning the Federal Housing Administration (FHA) or Veterans Administration (VA)—has a hand in the deal. That is, if it guarantees a loan on the home.

2. Newly built home whether it's the government, a bank or a loan company which guarantees or makes the loan on it.

But—and this is where the exception comes in—the new rules do not apply at all to existing homes where the government has no part in the loan.

Examples:

1. You want to buy a newly built home or have one built. The rules apply to you, whether you get the loan from a bank or the government.

2. You want to buy a home which is not new. If the FHA or VA guarantees the loan, then the rules apply. But if in the case of such an existing home you get a non-government loan, the rules do not apply.

These are the rules in all cases.

where they apply:

Non-veterans will have to make cash down payments ranging from 10 per cent on houses costing under \$5,000 to 50 per cent on houses of \$25,000 or more. Down payments for veterans will be lower, ranging from 5 per cent to 45 per cent.

Mortgages will have to be paid off within 25 years on all houses costing more than \$7,000. For under \$7,000 houses, 25 years will be allowed.

From here something needs explaining. Under these new rules what is considered a "new" home? One upon which construction was started on or after Aug. 3, 1950. An "existing" home is one which was built before Aug. 3 or upon which construction had started before that date.

After Today Only

Suppose a man arranged a loan on a new home between Aug. 3 and now, do the new rules apply to him? Do the terms of his loan have to be re-arranged? No. The rules apply only where a loan has been arranged after today.

Here's a question which you probably have in mind at this point: Why is there an exception in the rules? Why don't they apply in the case of an existing home where no government loan is involved? Congress did that, when it passed a law Sept. 18 giving the govern-

ment power to set these controls.

Government housing officials wanted no exceptions. They wanted the controls to apply across the board—on new and existing homes—whether the government was mixed up in the loan or not.

The reasoning behind the rules: By making home-buying tougher, to cut down on the number of new homes being built, thus leaving more materials for the government's defense program. 2. By making home-buying tougher and new houses fewer, to keep prices down and put a brake on inflation.

Examples Cited

But what about those existing homes where the new rules don't apply so long as no government loan is involved? Will the prices on them go down? Or, since they'll be

easier to buy, will their prices go up? Or will they stay about the same for the answer to that one.

The new rules do not apply to apartment houses or commercial property. But the government will put controls on them shortly.

Here are examples of how the rules will work on homes to which the rules apply:

A home is valued at \$12,000. You're a non-veteran. You'll have to put up a down payment of at least \$3,000. If you're a veteran, you'll have to put up at least \$1,000. If you're a veteran, your down payment must be at least \$1,000.

But when the price of a home is

\$25,000 or more, the non-veteran must put up a down payment of at least half the price by himself, a veteran a little less.

Man has constantly decorated his neck clear back to the days when he hung animal teeth, etc., around his neck.

GREEN PARROT IS RE-OPENED AT EMMITSBURG

The Green Parrot tea room, Emmitsburg, a favorite eating place for many years with people from Gettysburg, Hanover, York, Westminster, Baltimore, Frederick, Washington, and other places, which has been closed for the past four years, re-opened today at its new location.

Mrs. Leone Brown McNair, who operated it at its former location on the square for 21 years, is the hostess for the new Green Parrot next to her home, 200 East Main street. It is located far enough from the center of town to avoid traffic congestion and offers ample parking space both in front and back of the building.

The building is finished inside in knotty pine with an acoustic ceiling. The dining room is 28 by 30 feet, equipped to serve 75 persons at one time. The building itself is 32 by 60 feet. In decorating the dining room, Mrs. McNair carried out her original color scheme of grey, green and yellow. The kitchen is modern and conveniently arranged for service, and the food is home-prepared.

To Be Open Daily
Assisting Mrs. McNair are Mrs. Daisy Frock, Mrs. Gertie Peters, Miss Florence Shorb, Miss Blanche Dukehart, Mrs. Donald Topper, Mrs. Leo Topper and Miss Penina McNair.

The tea shop will be open daily from 9 a.m. to 8:30 p.m., serving breakfast until 11 a.m. and lunch and dinner until closing. Today's opening, on Friday, the 13th, coincides with the opening date of the other Green Parrot, which was on Friday, the 13th of May, 1929. Mrs. McNair operated it continuously until she sold the building on the square to the Emmitsburg post of the VFW four years ago.

Prior to today's opening Mrs. McNair held an open house for friends and Emmitsburg residents Thursday night from 8 to 10 o'clock. Light refreshments were served.

Registration Completed
The final registration of voters took place Tuesday at the three precincts of the Emmitsburg district. A report from Precinct No. 1 showed eight Republican and eight Democrat registrations for the day between 8 a.m. and 8 p.m. Registrations in the second precinct were: 15 Republicans and nine Democrats; Precinct No. 3, three more Republicans and five Democrats. There was a total of 50 new registrations, 26 Republicans and 24 Democrats.

Next Tuesday, October 17, will be revision day, when an opportunity will be given to voters to file notice of change of residence. The registration offices are Roy Maxwell and Eugene Kraemer for Precinct No. 1; George Martin and Lloyd Ohler for Precinct No. 2, and Robert Fite and E. T. Seltzer for Precinct No. 3.

Announcement has been made that the fall rally of the Lutheran missionary societies of the Middle Conference of the Maryland synod will be held at St. Marks Lutheran church, Hampstead, Md., Wednesday, November 8. Registration will begin at 9:30 a.m. The ladies of the church will serve lunch.

The new drive on the recently graded and landscaped Lutheran church property was opened for use this week. The drive has been paved with stone and has a blacktop finish, and five-inch curbs. It connects West Main street with Church street and makes a convenient approach to the church.

Was Taney Law Office
Helman's old history of Emmitsburg relates that "in 1905 the pastor's study was torn down and an avenue was opened through the lot to the church, paved with concrete to the church door. This reference is to the present paved walk on the west side of the parsonage from West Main street to the church. The pastor's study referred to was first the law office of the famous chief justice, Roger Brooke Taney.

The histories of Emmitsburg or the church do not contain any reference to purchase of the property or the lot where the present parsonage stands. This pastor's residence on West Main street and in front of the church, now surrounded by a beautifully landscaped lawn, was built in 1922 at a cost of approximately \$12,000. The work of grading and landscaping and constructing the drive was in charge of the property committee, Charles Sharrer, Charles Bollinger and Clarence Hahn. Plans for the work were made by Herbert Neighbours at the request of the church council. Many persons have expressed the opinion that this work has been the most important improvement made in the town in a number of years.

Will Join Bar Group
G. Thomas Miller, Harrisburg, son of Dr. and Mrs. George R. Miller, Gettysburg R. 2, will be admitted as a member of the Dauphin County Bar association at a dinner-meeting this evening at 6 o'clock in the courthouse at Harrisburg. Mr. Miller is a graduate of Gettysburg college and the Dickinson Law school.

It's just good sense to steer clear of troubles that can and do result in personal injury or death. Non-accident drivers will tell you it is practical to feel that way about driving. The right way is the easiest and best way.

forced into battle against the white men with guns against their own backs, the victims of a system.

"There are many who believe that all these soft and easy steps of having someone else substitute for our own initiative, of waiting for a hand-out, of being paid for doing nothing, are milestones along the path to the Communal system. Unrest, disturbance, strikes—they are all a part of the picture to make people dissatisfied with what they have now.

Recognize Benefits

"It is good to see a group of folk who recognize the benefits of what they have and have a mutual confidence and respect with the head of their concern."

Noting that "manufacturing and merchandising is not a simple process," Casey told those present: "The best way to keep in business is to be just a little better than the other fellow, and that goes all the way down the line. The people who work in the plant must be just a little better than those in other plants."

The older workers, he added, "can take a great deal of pride in that they have remained loyal citizens and earnest workers, who have done their job honestly, faithfully and true to tradition.

"There is no substitute for experience," Casey declared, "What's happening in the Far East today? Who is the boss? His name is MacArthur, his age—71.

Have To Be Builders

"There's another veteran whose experience can't be denied, who is called back in these days of chinos and again has taken the helm. He is almost 70, but he is going to head all the armed forces—his name is George C. Marshall.

"This sort of thing goes through all ranks. Did you read about Master Sergeant Hooton, who is leading a platoon in Korea. He is a soldier who fought in three wars, was tempted to quit, but he had a devotion to duty. His age—82.

"Many people today don't have an understanding as to how our economic system works. Naturally they are interested in their own jobs, their own livelihood. But we have to realize that the people who would destroy the system, which you and I have seen grow, give time and thought to destructive purposes and they do it adroitly. You and I, as the old folks, know what our system is, and will just have to be the builders."

arrival of the parade there. Final judging of the floats, vehicles and horses, will be held on the parking lot at the school and the individual marchers and marching groups, bands and the like will be judged on the track at Kurtz field.

The marchers will enter the field and march around the track while the prize winners are selected. The prize winners will then be taken to a platform facing the north-side bleachers and given their prizes. In that way all will be able to see the winners and a band concert will be held while the winners are chosen.

Street Dance Follows

To add to the fun, all youngsters participating in costume in the parade will be presented with a lollipop at Kurtz field.

It was announced that the Blue and Gray band will participate in the event, but will not compete for the prizes.

Following the parade, a street dance will be held probably on the block of South Washington street between Chambersburg and West Middle.

CANNERS DRUB WEST YORK FOR 6TH STRAIGHT

Coach Russ Kane's Biglerville high school Cannners continued their fine season Thursday night as they sailed over West York 25-6 at Biglerville. This was their second Conference of the Roses win, and their sixth straight victory in as many starts. The game was played on a very muddy turf.

The game opened with Lawver returning the opening kickoff to his own 33. From here the Cannners started goalward, reeling off four straight first downs, but were cut short on the 14-yard line as Emig recovered Rice's fumble. On three plays the Yorkers could gain only two yards and were forced to punt. Joe Walde returned the kick to the West York 33. In eight plays Walde crossed the goal on a buck from the four. Rice's placement was low.

West York returned Spicer's kick-off to their own 45, but this time were only able to gain four yards and punted out of bounds on the Biglerville 15 as the first period ended.

On the first play of the second quarter Walde raced all the way from the 15 to the visitors' 21 before he was chased out of bounds. From the 21, line bucks by Warner and Rice netted the tally, with Warner going over from the 5. A pass from Rice to Lawver for the point failed. Wakeland returned the following kickoff to the 42. The Blue and White started a drive which netted them their only score of the game. They were aided on this drive by a Biglerville holding penalty at the 18-yard marker. On the play following the penalty Wakeland passed to Britcher who was waiting in the end zone. Wakeland's buck for the point was stopped.

Walde Races 60 Yards
Rice returned the ensuing kickoff to his own 40. On the next play Walde ran through the middle of the whole West York team and raced 60 yards to pay dirt. Spicer's placement split the uprights to make the score at this point 19-6. West York took an out of bounds kick on their own 40. Once more the Yorkers runners ran into a stone wall and were forced to punt, with the Cannners taking over on the 20. The half ended shortly thereafter with the home squad in possession of the ball in enemy territory and heading toward another touchdown.

Soon after the opening of the second half Kint intercepted Wakeland's pass on the 43. This time West York held off the Cannner drive and took the ball on downs on their 21. Again on three plays the visitors were able to only make two yards. Hayes got off a poor punt which Biglerville took on the West York 30. Walde again needed only one play as once more he ran through the center of the line for the TD Spicer's placement was blocked.

The Cannners took an on-sides kickoff on the midfield stripe and could gain only three yards. Lawver punted out of bounds on the West York one yard stripe, as the third period closed. The visitors got as far as the 47, but here the attack bogged down and Hayes kicked to the Biglerville 25.

Halted By Fumble
Biglerville was once more touchdown bound as they marched 75 yards to the goal, but Lawver's fumble was recovered in the end zone by Smith. The ball was placed on

Unbeaten Lehigh Gridders Host To Bullets Saturday

Gettysburg college is faced with probably its most difficult assignment of the season when it battles the undefeated Lehigh university gridders in a Dad's Day game at Bethlehem Saturday afternoon at 2 o'clock.

Waylaid by injuries which have side-lined an entire varsity backfield and a vastity end, the Bullets are decided underdogs for Saturday.

Two-Team System
Due to the unprecedented number of serious injuries to Bullet players this year, Coaches Bream, Yovicsin and Shanline have decided to use two complete teams against Lehigh, one solely for offense and the other solely for defense. They will be broken up only if further injuries necessitate a change.

Lehigh has already swept three games this season, crushing Delaware 21-0, nosing out Case 21-20, while winning from Bucknell last week 27-6.

In Dick Gabriel and Dick Doynne the Engineers have a pair of classy performers who have been instrumental in handling the Bullets' defeats in recent years of the series.

Saturday's game marks the 19th meeting between the schools. The Bulletst have won eight, lost seven while three have ended in deadlocks. Lehigh has won the last three engagements.

The Bullets held their final pre-game drill Thursday afternoon and the squad displayed high spirits which could presage an upset.

The team left this afternoon at 2 o'clock for Bethlehem and tonight will be quartered at the Bethlehem hotel.

Waynesboro Meets GHS Here Tonight

After suffering two straight South Penn league setbacks, the Gettysburg high gridders will seek their initial loop triumph this evening at 8 o'clock when Waynesboro will appear on the local gridiron.

The Warriors, with an over-all season record of two wins against as many setbacks, are expected to have their hands full with the Golden Tornado outfit.

Waynesboro is smarting after three losses in a row and is confident of breaking into the win column here.

This year Waynesboro is piloted by Larry Palmer who is assisted by Cal Welliver, former Gettysburg college basketball star.

Touch Football League Results

In the game played the Bears and Browns battled to a scoreless deadlock.

The Redskins were awarded a forfeit over the Trojans and the Eagles over the Giants.

Next week's games, which will be staged under the lights on the Recreation field on Wednesday evening, will include Giants vs. Trojans, 7 p.m.; Browns vs. Redskins, 7:45, and Eagles vs. Bears, 8:30.

The lineups for Thursday's game follows:
Bears
Stanton, Boyd, Timbers, Mountain, Reaver, Angiolis and C. Sanders.

Browns
H. Redding, R. Redding, N. Redding, L. Steiger, Geiman, Funk, Woodward.

COLLEGE FROSH NIP DICKINSON YEARLINGS 12-6

Clyde Cole's Gettysburg college freshman football team opened its season here Thursday afternoon by gaining a hard fought 12-6 victory over a scrappy Dickinson college yearling outfit.

Midway in the opening period Hal Smith broke through the left side of the line and cut back to his right, racing 30 yards for the Bullets' first touchdown. A placement kick for the extra point was low.

Late in the second quarter the Red Devils tied the count through an aerial attack. After a pass had gained a first down on the Gettysburg 35, Jones whipped a long pass to Johie in the end zone for the

score. The Bullet forward wall broke through to block the kick for the point.

A Gettysburg touchdown drive was halted midway in the third period when a Red Devil back intercepted an aerial on the 19.

A blocked punt on the Dickinson 20-yard mark early in the final period set the stage for the winning touchdown. Cagiano took a pitchout and scampered around right end for the TD. The extra point boot was low.

Through a series of passes to Johie, who was the outstanding performer for Dickinson, the Red Devils moved deep into Gettysburg territory late in the game but an off-side penalty greatly aided Gettysburg in taking over on the 37. The Cole-men reeled off three straight first downs as time ran out.

Gettysburg secured 12 first downs to five for their opponents. The

DELONE LACES CARSON LONG FOR 2ND WIN

Showing their best form of the season, the Delone Catholic high gridders ran roughshod over Carson Long Institute to gain an easy 49-7 victory Thursday evening at McSherrystown.

Coach Yanoschik's outfit started fast and piled up a 19-0 lead in the first period. With victory assured, the Squire coach used his complete squad with reserves playing a greater portion of the remainder of the contest.

Ed. Steinberger, of Gettysburg, and Ed Timmins each accounted for a pair of Delone touchdowns.

The victory gave the Squires a record of two wins against three reverses. Carson Long has dropped all three of its tilts.

Unbeaten Lehigh Gridders Host To Bullets Saturday

Gettysburg college is faced with probably its most difficult assignment of the season when it battles the undefeated Lehigh university gridders in a Dad's Day game at Bethlehem Saturday afternoon at 2 o'clock.

Waylaid by injuries which have side-lined an entire varsity backfield and a varsity end, the Bullets are decided underdogs for Satur-

day's contest. However, Coach "Hen" Bream and his lads are conceding nothing and are determined to give their opponents a real scrap.

Coach Bream stated today that Berky Ward, former Waynesboro high star, will replace Bobby Bitner at quarterback. Bitner became the fourth injured back when he sprained his ankle last Sunday.

Ward showed up well against Drexel last week and is expected to repeat this week.

Two-Team System

Due to the unprecedented number of serious injuries to Bullet players this year, Coaches Bream, Yovicsin and Shainline have decided to use two complete teams against Lehigh, one solely for offense and the other solely for defense. They will be broken up only if further injuries necessitate a change.

Lehigh has already swept three games this season, crushing Delaware 21-0, nosing out Case 21-20, while winning from Bucknell last week 27-6.

In Dick Gabriel and Dick Doyne the Engineers have a pair of classy performers who have been instrumental in handling the Bullets' defeats in recent years of the series.

Saturday's game marks the 19th meeting between the schools. The Bullets have won eight, lost seven while three have ended in deadlocks.

Lehigh has won the last three engagements.

The Bullets held their final pre-game drill Thursday afternoon and the squad displayed high spirits which could presage an upset.

The team left this afternoon at 2 o'clock for Bethlehem and tonight will be quartered at the Bethlehem hotel.

In the game played the Bears and Browns battled to a scoreless dead-

lock.

The Redskins were awarded a forfeit over the Trojans and the Eagles over the Giants.

Next week's games, which will be staged under the lights on the Recreation field on Wednesday evening, will include Giants vs. Trojans, 7 p.m.; Browns vs. Redskins, 7:45; and Eagles vs. Bears, 8:30.

The lineups for Thursday's game follows:

Bears

Stanton, Boyd, Timbers, Moun-

tain, Reaver, Angiolis and C. San-

ders.

Browns

H. Redding, R. Redding, N. Red-

ding, L. Steiger, Geiman, Punk,

Woodward.

Timmins, 2; Gotwalt, Sheaffer,

Brentz, D. Redding.

COLLEGE FROSH NIP DICKINSON YEARLINGS 12-6

Clyde Cole's Gettysburg college freshman football team opened its season here Thursday afternoon by gaining a hard fought 12-6 victory over a scrappy Dickinson college yearling outfit.

Midway in the opening period Hal Smith broke through the left side of the line and cut back to his right, racing 30 yards for the Bullets' first touchdown. A placement kick for the extra point was low.

Late in the second quarter the Red Devils tied the count through an aerial attack. After a pass had gained a first down on the Gettysburg 35, Jones whipped a long pass to Johie in the end zone for the

score. The Bullet forward wall broke through to block the kick for the point.

A Gettysburg touchdown drive was halted midway in the third period when a Red Devil back intercepted an aerial on the 19.

A blocked punt on the Dickinson 20-yard mark early in the final period set the stage for the winning touchdown. Cagliano took a pitchout and scampered around right end for the TD. The extra point boot was low.

Through a series of passes to Johie, who was the outstanding performer for Dickinson, the Red Devils moved deep into Gettysburg territory late in the game but an off-side penalty greatly aided Gettysburg in taking over on the 37. The Cole-men reeled off three straight first downs as time ran out.

Gettysburg secured 12 first downs to five for their opponents. The

Bullets completed four of nine passes, one being intercepted.

Next Thursday the Western Maryland freshmen will play here.

GREEN PARROT IS RE-OPENED AT EMMITSBURG

The Green Parrot tea room, Emmitsburg, a favorite eating place for many years with people from Gettysburg, Hanover, York, Westminster, Baltimore, Frederick, Washington, and other places, which has been closed for the past four years, re-opened today at its new location.

Mrs. Leone Brown McNair, who operated it at its former location on the square for 21 years, is the hostess for the new Green Parrot next to her home, 200 East Main street. It is located far enough from the center of town to avoid traffic congestion and offers ample parking space both in front and back of the building.

The building is finished inside in knotty pine with an acoustic ceiling. The dining room is 28 by 30 feet, equipped to serve 75 persons at one time. The building itself is 32 by 60 feet. In decorating the dining room, Mrs. McNair carried out her original color scheme of grey, green and yellow. The kitchen is modern and conveniently arranged for service, and the food is home-prepared.

To Be Open Daily

Assisting Mrs. McNair are Mrs. Daisy Frock, Mrs. Gertrude Peters, Miss Florence Shorb, Miss Blanche Dukehart, Mrs. Donald Topper, Mrs. Leo Topper and Miss Penina McNair.

The tea shop will be open daily from 9 a.m. to 3:30 p.m., serving breakfast until 11 a.m. and lunch and dinner until closing. Today's opening, on Friday, the 13th, coincides with the opening date of the other Green Parrot, which was on Friday, the 13th of May, 1929. Mrs. McNair operated it continuously until she sold the building on the square to the Emmitsburg post of the VFW four years ago.

Prior to today's opening Mrs. McNair held an open house for friends and Emmitsburg residents Thursday night from 8 to 10 o'clock. Light refreshments were served.

Registration Completed

The final registration of voters took place Tuesday at the three precincts of the Emmitsburg district.

A report from Precinct No. 1 showed eight Republican and eight Democrat registrations for the day between 8 a.m. and 8 p.m. Registrations in the second precinct were: 15 Republicans and nine Democrats; Precinct No. 3, three more Republicans and five Democrats. There was a total of 90 new registrations, 26 Republicans and 24 Democrats.

Next Tuesday, October 17, will be revision day, when an opportunity will be given to voters to file notice of change of residence. The registration officials are Roy Maxell and Eugene Kraemer for Precinct No. 1; George Martin and Lloyd Ohler for Precinct No. 2, and Robert Fitzee and E. T. Selzer for Precinct No. 3. Announcement has been made that the fall rally of the Lutheran missionary societies of the Middle Conference of the Maryland synod will be held at St. Marks Lutheran church, Hampstead, Md., Wednesday, November 8. Registration will begin at 9:30 a.m. The ladies of the church will serve lunch.

The new drive on the recently graded and landscaped Lutheran church property was opened for use this week. The drive has been paved with stone and has a blacktop finish, and five-inch curbs. It connects West Main street with Church street and makes a convenient approach to the church.

Was Taney Law Office

Helmman's old history of Emmitsburg relates that "in 1905 the pastor's study was torn down and an avenue was opened through the lot to the church, paved with concrete to the church door. This reference is to the present paved walk on the west side of the parsonage from West Main street to the church. The pastor's study referred to was first the law office of the famous chief justice, Roger Brooke Taney.

The histories of Emmitsburg or the church do not contain any reference to purchase of the property or the lot where the present parsonage stands. This pastor's residence on West Main street and in front of the church, now surrounded by a beautifully landscaped lawn, was built in 1922 at a cost of approximately \$12,000. The work of grading and landscaping and constructing the drive was in charge of the property committee, Charles Sharrer, Charles Bollinger and Clarence Hahn. Plans for the work were made by Herbert Neighbour at the request of the church council. Many persons have expressed the opinion that this work has been the most important improvement made in the town in a number of years.

WILL JOIN BAR GROUP

G. Thomas Miller, Harrisburg, son of Dr. and Mrs. George R. Miller, Gettysburg R. 2, will be admitted as a member of the Dauphin County Bar association at a dinner-meeting this evening at 6 o'clock in the courthouse at Harrisburg. Mr. Miller is a graduate of Gettysburg college and the Dickinson Law school.

Unrest, disturbance, strikes—they are all a part of the picture to make people dissatisfied with what they have now.

Recognize Benefits

"It is good to see a group of folk who recognize the benefits of what they have and have a mutual confidence and respect with the head of their concern."

Noting that "manufacturing and merchandising is not a simple process," Casey told those present "The best way to keep in business is to be just a little better than the other fellow, and that goes all the way down the line. The people who work in the plant must be just a little better than those in other plants."

The older workers, he added, "can take a great deal of pride in that they have remained loyal citizens and earnest workers, who have done their job honestly, faithfully and true to tradition.

"There is no substitute for experience," Casey declared, "What's happening in the Far East today? Who is the boss? His name is MacArthur, his age—71.

Have To Be Builders

"There's another veteran whose experience can't be denied, who is called back in these days of chaos, and again has taken the helm. He is almost 70, but he is going to head all the armed forces—his name is George C. Marshall.

"This sort of thing goes through all ranks. Did you read about Master Sergeant Hooton, who is leading a platoon in Korea. He is a soldier who fought in three wars, was tempted to quit, but he had a devotion to duty. His age—52.

"Many people today don't have an understanding as to how our economic system works. Naturally they are interested in their own jobs, their own livelihood. But we have to realize that the people who would destroy the system, which you and I have seen grow, give time and thought to destructive purposes and they do it adroitly. You and I, as the old folks, know what our system is, and will just have to be the builders."

arrival of the parade there. Final judging of the floats, vehicles and horses, will be held on the parking lot at the school and the individual marchers and marching groups, bands and the like will be judged on the track at Kurtz field.

The marchers will enter the field and march around the track while the prize winners are selected. The prize winners will then be taken to a platform facing the north-side bleachers and given their prizes. In that way all will be able to see the winners and a band concert will be held while the winners are chosen.

Street Dance Follows

To add to the fun, all youngsters participating in costume in the parade will be presented with a lollipop at Kurtz field. It was announced that the Blue and Gray band will participate in the event, but will not compete for the prizes.

Following the parade, a street dance will be held probably on the block of South Washington street between Chambersburg and West Middle.

Music for the dance will be furnished free of charge by The Clefsmen, local orchestra, with the orchestra furnished for the occasion by the musicians' union headed by James C. Peirillo.

Next meeting of the Halloween committee will be held October 25 at 7:30 p. m. in the Albert J. Lentz American Legion post home on Baltimore street.

With the score tied, two out and Manager Mickey Cochrane on second base in the last half of the ninth inning, the Goose produced the golden base hit, a line single over the head of Billy Herman, star second baseman of the Chicago Cubs, that brought Cochrane home with the deciding run.

Goslin's winning hit off Larry French gave Detroit a 4-3 victory in the sixth game and carried them to triumph in the series by a margin of four games to two and enabled Tommy Bridges to achieve his second pitching conquest after a thrilling struggle.

Today's Talk

By GEORGE MATTHEW ADAMS
LIGHT AND WARMTH

Awakening from sleep to find ourselves in a day that is dark and cold, we turn on the light and create warmth in our home from our furnace or log fire-place. All is changed. Our mental processes respond with our physical light and warmth make all the difference.

So, in the days and times when all about us are both light and warmth, we need within ourselves a process that will give us cheer and hope. Call it a philosophy of life, if you will. But it must be there to give us gaiety and courage. Thought demands both light and warmth to keep it fluid and exultant.

It is when our understanding becomes confused that we grope for light, and this light we find in God. "though he be but a lamp uplifted over chaos." Like a true set star, however, we are guided aright and his invisible spirit warms our heart, reinforcing every difficult attempt, making it that much more possible and triumphant.

I had a little flower garden at my summer island retreat. It was the only domestic spot against a background of wild and beautiful natural forest. I set out some flowers that grew tall and had lovely faces of white, crimson and purple. I watched each at different hours of the day and noted how each flower turned its face to the sun, and kept it there, turning with the creep of its light and warmth throughout the day.

In like manner, I thought, how happy each of us would be if we only turned our faces to God, getting his light and warmth, from daybreak to sundown—and then beyond! What a world of knowledge we can gain by simply studying, and noting carefully, the many moves and actions in nature. What a horde of teachers there, hiding away to intrigue and instruct us!

The beauty of the earth grows and lives only as it gets light and warmth from the sun. The more schools and libraries we have the more intelligent and happy a community becomes. Light, let into the mind, gives the entire physical part of us a new warmth.

Tomorrow Mr. Adams will talk on the subject: "Consolation"

TICKETS
By letter, wire and telephone
From friends who cannot get their own

(Both man and madam)
For any show they wish to see
Requests for tickets come to me,
As if had 'em.

I do not write this to complain,
I've done it oft and will again
At office wickets
Stood long in line and patiently
For those who think that easily
I can get tickets.

Although they may be hard to get
With pleas for tickets I'm beset.
My country cousins
Who live up state and want to come
Think I can surely get them some
By scores and dozens.

Oh, life would easier be for me,
And I am certain I should be
Much more contented
Were there no contests to be seen
And grandstand tickets hadn't been
By men invented.

Ade, state superintendent of public education at Zernbo Temple mosque, Harrisburg, Thursday evening. Governor George H. Earle, the principal speaker, urged that education be taken out of politics.

Among those who attended the dinner were Dr. W. E. Tilberg, Dr. Frank H. Kramer, Dr. John B. Zinn and Dr. Thomas L. Cline, all of Gettysburg college; Prof. J. Floyd Slaybaugh, Prof. Ira Y. Baker, Prof. Lloyd C. Keefe, Prof. Guile W. Lefever, all of Gettysburg; Prof. Roy Stary, of York Springs; Elmore H. Slaybaugh of Fairfield, and Elmer Gruver, East Berlin.

5,000 Persons Attend Mass at Mount: A crowd estimated at 5,000 persons attended the military field mass on the athletic field at Mt. St. Mary's college, Emmitsburg, Saturday morning at ten o'clock.

A large imposing altar was erected on the west terrace at which His Excellency, the Most Rev. John M. McNamara, auxiliary bishop of Baltimore, celebrated the holy sacrifice of the mass.

Many Gettysburgians attended the service.

Littlestown SPORTSMEN TO HOLD BANQUET

Dr. Joseph R. Riden, president, was in charge of the October meeting of the Littlestown Fish and Game Association Wednesday evening at the Fish and Game farm in Germany township. The group decided to hold a shooting match at the farm later this month in charge of the following committee: Elmer Duttera, Paul Renner, Charles Snyder, Clair Redding and Charles W. Weikert.

Plans were also inaugurated for their annual fall banquet which will be held Wednesday, November 8, at the farm. The banquet committee consists of William Renner, Harry O. Harner, Howard Trostle, Charles Fissel, Samuel Renner, Ed. Yealy, Walter F. Crouse, Luke Jacobs and Ray T. Harner.

Leo Bushman, Gettysburg, game protector, spoke briefly. He told the sportsmen "that all indications are for a favorable hunting season. The game commission has stocked pheasants and rabbits, both in the spring and fall."

He also answered questions which were raised pertaining to the game laws and to the coming deer season.

The grounds committee has asked for volunteers to work on the farm on Saturday beginning at 1 p.m. Dr. Chester Spangler and John N. Sell have purchased three domestic mallard ducks which they presented to the association for the farm pond. Officials of the association stated that it is impossible to distinguish these from wild mallard at a distance. Therefore, to protect these ducks, the Fish and Game association forbids the shooting of ducks at the pond. They also stated that the pond is in a safety zone.

The refreshments of the evening were in charge of W. E. Stites, Paul Renner, Richard Staley and Elmer Duttera.

Mr. and Mrs. Lloyd Hartman, Miss Margaret Wentz, Miss Margaret Nau, Miss MaBelle Hereter, Miss Grace Sachs, Miss Helen Culp, Miss Mildred Shue, Miss Dorothy Brindle and Miss Ann Mumper.

FOUR BASEBALL GAMES SUNDAY

Four baseball games are scheduled for Sunday in the long drawn out 1950 local season.

Wenksville and Fairfield are scheduled to play the first of their best-of-three series for the playoff title in the Penn Adams league at Fairfield. Al Wierman, Wenksville manager, failed in his attempts to schedule games for both Saturday and Sunday in an effort to speed up the playoffs.

Hunterstown will be the scene of the second game of the final series with Green Springs in the South Penn circuit. Last Sunday Green Springs scored a 7-6 victory in 10 innings at Green Springs.

McSherrystown will play at Han-

DALLAS SITE OF BIG GRID TWIN BILL SATURDAY

New York, Oct. 13 (AP)—Texas, the
king-sized state, comes up with a
king-sized doubleheader tomorrow
that promises to give the college
grid standings a vigorous shakeup.
Three of the four top teams in
the country and a boisterous neigh-
bor which is unbeaten and onec-
tied square off in a battle of giants
in Dallas' Cotton Bowl.

Oklahoma, third-ranked nation-
ally, will throw its 23-game winning
streak against ponderous Texas, No. 4,
in the afternoon phase of the
twin attraction. Southern Methodist
and Oklahoma A. and M. will go
out under the lights to complete
the job.
SMU is ranked second nationally,
just behind Army. Oklahoma A. and
M. isn't rated but here's a team
that was good enough to beat

Arkansas and Texas Christian and
the Drake.

The two games—with separate
admissions—are expected to draw a
total of 130,000 fans. A large hunk
of Oklahoma's population is moving
across the Red river for the doings.

Dallas' doubleheader will share
some of the spotlight from the big
game in Yankee Stadium where
Army's Black Knights, unbeaten in
22 games, will defend their new
No. 1 rating against fired-up, once-
beaten Michigan.

East Has Army-Michigan
This game, the season's major at-
traction in the east outside the
Army-Navy extravaganza, is ex-
pected to lure 70,000 into Yankee
Stadium.
The college campaign really picks
up momentum this week with major

Wanted—by Almost Half the People!

According to a recent widespread survey—almost half the
motor car owners in the United States would choose a
Cadillac, if they had their unrestricted choice.

This is, of course, a tremendous tribute to Cadillac,
and to those who have designed it so well and built it so
soundly for so long a time. But we think it is, equally, a
tribute to the American people themselves.

Only a small percentage of American motorists have
ever driven a Cadillac—or even enjoyed a ride in one.
But that has not hindered the public from sensing the
soundness of the Cadillac ideal—or from giving its
wholehearted approval to the Cadillac crusade for quality.
Where the effort is worthy—the American people approve.

We regret exceedingly that not every one who wants
a Cadillac can own one. But we believe, sincerely, that
many have needlessly denied themselves the pleasure.

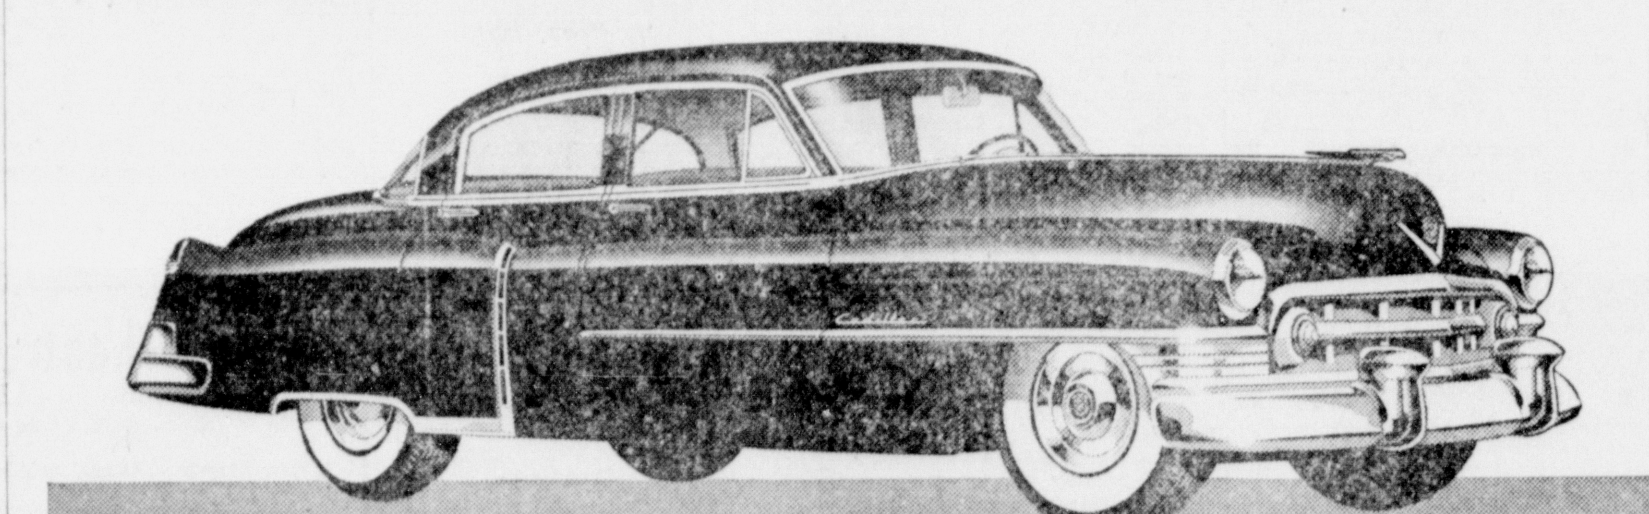

Cadillac cars are far more practical and economical
to own than most people realize.

It costs less to buy the lower-priced Cadillacs than it
costs to buy certain models of numerous other makes of cars.

Furthermore, a single tankful of gasoline will usually
suffice for a whole day's drive.

And, of course, when it comes to *endurance*, a Cadillac
stands alone—for its life-span has never been fully measured.

Yes, for a wide group of people, a Cadillac car is a sen-
sible, practical buy. We hope sincerely that it is for you.

One fundamental principle of success in financial
matters is to buy when prices are low. It naturally
follows that you should save as much money as you
can when prices, and income, are high in order to
get more for your money later on. It is quite appar-
ent that this is a good time to accumulate extra
cash. We invite you to save regularly with us.

USING THE BIBLE

Psalms 19:7-11; Acts 8:26-35
Memory Selection: Thy word have I hid in my heart, that I might not sin against thee, Psalm 119:11.

There is just one book in the world that is indispensable—the Bible. It points the way to the fruitful Christian life for it is God's Word to all

men. Where would we search for truth and goodness if not in the Bible? The memory selection this week is the Psalmist's personal testimony that God's Word serves as an antidote for evil.

One former President Woodrow Wilson declared, "I am sorry for the men who do not read the Bible every day. I wonder why they deprive

themselves of its strength and pleasure. It is one of the great spiritual books in the world; for every time you open it, some new text which you have read a score of times suddenly beams with a new meaning." In "Our Roving Bible" by Lawrence Nelson the author shows how the Bible has influenced every phase of life and particularly secular literature.

Get's Word

There are several important lessons to be discovered why the Bible should be read to find out how it can be used as a guide for righteous living; to emphasize the fact that only a used Bible is of value, and that God has revealed himself to man-

kind through his Holy Word. The Bible shows Man's religious development over a period of a couple thousand years, from Abraham to the early Christian era. The Bible is really a whole library of books written by numerous inspired men—poets, kings, prophets, historians and statesmen.

The purpose of God's Word is to show us the way of salvation. This is the principal reason why we should read and study the Bible. Only by a thorough knowledge of it will we be able to grasp the eternal truths and apply them in our daily living. The Gospels especially tell the "good news" of salvation

though Christ.

Guide To Living
Psalm 19 describes how God reveals himself through his law. Seven adjectives are used, God's Word is perfect, sure, right pure, clean, true and righteous. Phrases describing the effect of each are added, so clearly given that we may know that the Word is the source of all knowledge, guidance and inspiration.

Some people claim it is difficult to read the Bible, but it is more understandable if a modern translation or version is used. The Revised Standard Version is written in the language of today. Daily Bible reading is a

In the clutches of THE LAW and he doesn't know why

Most of the teen-age youngsters who run afoul of the law do not know why!

They can hardly be expected to realize that a lack of proper moral and religious training has left them ill-equipped for honest, decent living.

In many cases, their parents did not give them the advantage of religious education in the Church. And so, all their lives they may have to pay the penalty of their parent's neglect.

Juvenile Delinquency is hard to cure, but it is easy to prevent. The Church, with the support and cooperation of faithful parents, can equip every child with the sure foundation of Christian truth.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

USING THE BIBLE
Psalm 19:7-11; Acts 8:26-35
Memory Selection: Thy word have I hid in my heart, that I might not sin against thee. Psalm 119:11.

There is just one book in the world that is indispensable—the Bible. It points the way to the fruitful Christian life for it is God's Word to all

men. Where would we search for truth and goodness if not in the Bible? The memory selection this week is the Psalmist's personal testimony that God's Word serves as an antidote for evil.

Once former President Woodrow Wilson declared, "I am sorry for the men who do not read the Bible every day. I wonder why they deprive

themselves of its strength and pleasure. It is one of the most singular books in the world; for every time you open it, some new text which you have read a score of times suddenly beams with a new meaning." In "Our Roving Bible" by Lawrence Nelson the author shows how the Bible has influenced every phase of life and particularly secular literature.

God's Word

There are several important lesson aims: to discover why the Bible should be read; to find out how it can be used as a guide for righteous living; to emphasize the fact that only a used Bible is of value. God has revealed himself to man-

kind through his Holy Word. The Bible shows Man's religious development over a period of a couple thousand years, from Abraham to the early Christian era. The Bible is really a whole library of books written by numerous inspired men—poets, kings, prophets, historians and statesmen.

The purpose of God's Word is to show us the way of salvation. This is the principal reason why we should read and study the Bible. Only by a thorough knowledge of it will we be able to grasp the eternal truths and apply them in our daily living. The Gospel especially tell the "goodness" of salvation

though Christ.

Guide To Living

Psalm 19 describes how God reveals himself through his law. Seven adjectives are used. God's Word is perfect, sure, right pure, clean, true and righteous. Phrases describing the effect of each are added, so clearly given that we may know that the Word is the source of all knowledge, guidance and inspiration.

Some people claim it is difficult to read the Bible, but it is more understandable if a modern translation or version is used. The Revised Standard Version is written in the language of today. Daily Bible reading is a

In the clutches of THE LAW and he doesn't know why

Most of the teen-age youngsters who run afoul of the law do not know why!

They can hardly be expected to realize that a lack of proper moral and religious training has left them ill-equipped for honest, decent living.

In many cases, their parents did not give them the advantage of religious education in the Church. And so, all their lives they may have to pay the penalty of their parent's neglect.

Juvenile Delinquency is hard to cure, but it is easy to prevent. The Church, with the support and cooperation of faithful parents, can equip every child with the sure foundation of Christian truth.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Wanted—by Almost Half the People!

According to a recent widespread survey—almost half the motor car owners in the United States would choose a Cadillac, if they had their unrestricted choice.

This is, of course, a tremendous tribute to Cadillac, and to those who have designed it so well and built it so soundly for so long a time. But we think it is, equally, a tribute to the American people themselves.

Only a small percentage of American motorists have ever driven a Cadillac—or even enjoyed a ride in one.

But that has not hindered the public from sensing the soundness of the Cadillac ideal—or from giving its wholehearted approval to the Cadillac crusade for quality. Where the effort is worthy—the American people approve.

DALLAS SITE OF BIG GRID TWIN BILL SATURDAY

New York, Oct. 13 (AP)—Texas, the king-sized state, comes up with a king-sized doubleheader tomorrow that promises to give the college grid standings a vigorous shakeup.

Three of the four top teams in the country and a boisterous neighbor which is unbeaten and undefeated square off in a battle of giants in Dallas' Cotton Bowl.

Oklahoma, third-ranked nationally, will throw its 23-game winning streak against penderous Texas, No. 4, in the afternoon phase of the twin attraction. Southern Methodist and Oklahoma A. and M. will go out under the lights to complete the job.

SMU is ranked second nationally, just behind Army, Oklahoma A. and M. isn't rated but here's a team that was good enough to beat

Arkansas and Texas Christian and tie Drake.

The two games—with separate admissions—are expected to draw a total of 130,000 fans. A large hunk of Oklahoma's population is moving across the Red river for the doings.

Dallas' doubleheader will share some of the spotlight from the big game in Yankee Stadium where Army's Black Knights, unbeaten in 22 games, will defend their new No. 1 rating against fired-up, once-beaten Michigan.

East Has Army-Michigan

This game, the season's major attraction in the east outside the Army-Navy extravaganza, is expected to lure 70,000 into Yankee Stadium.

The college campaign really picks up momentum this week with major

TRUMAN FLIES WEST TO MEET GEN. MACARTHUR

Enroute to Hawaii with President Truman, Oct. 13 (AP)—An unusually taciturn President Truman winged his way over Pacific waters today to Honolulu—last stop on a dramatic 6,500-mile flight to meet Far Eastern strategy with Gen. Douglas MacArthur.

Presidential Secretary Charles G. Ross said the site of the widely-heralded meeting with Gen. MacArthur will be made known to reporters today, probably for publication.

Maybe Wake Island
Presidential party members have been saying the meeting will be held at Wake Island. It will cover the final phases of United Nations' actions in Korea, including reconstruction and rehabilitation of that war-torn country, and strategy to counter increasing Communist threats in the Far East, including the menace to Indo-China.

Mr. Truman left on the Independence at 3:13 a.m. (EST) from Fairfield-Suisun Air Force base, 60 miles east of San Francisco, after a brief conference with Gen. Omar Bradley, chairman of the joint chiefs of staff, and other members of his official party.

The President devoted a good part of last evening to visiting litter cases. Approximately 100 had just arrived from the Korean fighting front. Mr. Truman talked with each of the wounded men and signed short snorter bills, casts and other souvenirs.

"I was very much impressed by the wonderful morale of these boys," the President was quoted by Ross. "When we have boys like these, then we don't have to worry much about the future of the country."

Gen. Bradley landed at the California base less than two hours after the President's blue and silver "Independence" arrived. The military chief was accompanied in the "Dew Drop," an air force constabulary, by W. Averell Harriman, special Presidential assistant for foreign affairs; Secretary of the Army Frank Pace; Philip C. Jessup, ambassador-at-large, and Dean Rusk, assistant secretary of state for foreign affairs.

Mr. Truman is due at Hickam Field, Honolulu, about 8:30 a.m. Hawaiian time (1:30 p.m., EST). He will remain there until about midnight; then will leave on the last leg of his flight to meet Gen. MacArthur.

Sunday School Lesson

(Continued from Page 7)

"must" if we expect to be intelligent Christians. The American Bible Society distributed in 1949 over 9 million Bibles, Testaments and Gospels in the United States and foreign lands. It is engaged in distributing literature for the observance of Universal Bible Sunday on December 10th.

Finding Opportunities

Where do we find opportunities to tell of God's Word and its power? Often in very ordinary places such as the street car, while waiting for a bus, or on a picnic or even at a ball game. Maybe you can interest friends or neighbors in attending church or assisting in some philanthropic work. Of course, teaching the Bible in Church School is the very finest opportunity to instill the joy of reading the Bible with understanding.

This matter of reading the Bible with understanding or without understanding is admirably illustrated in the text from Acts where Philip, lay evangelist of the early Church, found an unexpected chance to help another man. Philip was directed to travel south on the desert road toward Gaza. There he encountered an Ethiopian eunuch in a fine chariot. The Ethiopian had been to Jerusalem to worship and was now on his way home, and in the meantime, reading his Bible, a passage from Isaiah. Did the plain preacher have approach this important person?

Philip did and asked the eunuch if he understood what he was reading. The reply was earnest: "How can I, unless some one guide me?" Which gave Philip the opportunity to explain about Jesus, the "sheep led to the slaughter." Right there the eunuch received understanding, accepted Christ and was baptized.

"O Word of God, Incarnate, O wisdom from on high, O Truth unchanged, unchanging, O Light of our dark sky!"

Miners' Benefits Announced Today

Washington, Oct. 13 (AP)—Miners' hospital and disability benefits which the coal industry estimates will cost \$2,000,000 a month were announced today.

The United Mine Workers Welfare and Retirement fund, headed by UMW President John L. Lewis, announced schedules of benefits for totally disabled coal diggers, older widows and dependent children of deceased miners and the extension of hospital and medical services to widows and adult dependents.

For the time being, this schedule completes the program of benefits to come out of the \$150,000,000-a-

year welfare fund collected through a 30 cent royalty on each ton of coal produced. The contract signed last March 5 boosted the royalty from 20 to 30 cents a ton.

The fund was exhausted last year after Lewis and his fellow fund trustees distributed more than \$100,000,000 in benefits to miners and their relatives. But it is fast building up again under the 30 cent royalty, and the trustees have tightened requirements and cut out some of the expensive services of last year's fund.

While most of Korea's mineral wealth is in the northern part of the country, several minerals are found in large quantities only in the south.

Time to get

those summer kinks

out of your Buick!

THERE'S a change of the year for your Buick, too, stalwart as it is! Hot summer driving has taken its toll—in played-out lubricants, spark timing that may have slipped off a notch or two over the many miles, a carburetor that would probably give you better mileage and snap if it were properly adjusted now for fall driving.

Point is—your Buick will feel a lot friskier in the trying days to come if you let your Buick dealer get those summer kinks out of its system now! Just drive in—say you want (1) a fall tune-up and (2) a regular Lubricare—and see how much rewarded you are, for a small fee!

Do it this week, will you? Before the rush, you can be served more promptly.

TRUMAN FLIES WEST TO MEET GEN. MACARTHUR

Enroute to Hawaii with President Truman, Oct. 13 (AP)—An unusually taciturn President Truman winged his way over Pacific waters today to Honolulu—last stop on a dramatic 6,500-mile flight to meet Far Eastern strategy with Gen. Douglas MacArthur.

Presidential Secretary Charles G. Ross said the site of the widely-heralded meeting with Gen. MacArthur will be made known to reporters today, probably for publication.

Maybe Wake Island. Presidential party members have been saying the meeting will be held at Wake Island. It will cover the final phases of United Nations' actions in Korea, including reconstruction and rehabilitation of that war-torn country, and strategy to counter increasing Communist threats in the Far East, including the menace to Indo-China.

Mr. Truman left on the Independence at 3:13 a.m. (EST) from Fairfield-Sulston Air Force base, 60 miles east of San Francisco, after a brief conference with Gen. Omar Bradley, chairman of the joint chiefs of staff, and other members of his official party.

The President devoted a good part of last evening to visiting litter cases. Approximately 100 had just arrived from the Korean fighting front at the air base hospital. Mr. Truman talked with each of the wounded men and signed short snorter bills, casts and other souvenirs.

"I was very much impressed by the wonderful morale of these boys," the President was quoted by Ross. "When we have boys like these, then we don't have to worry much about the future of the country."

Gen. Bradley landed at the California base less than two hours after the President's blue and silver "Independence" arrived. The military chief was accompanied in the "Dew Drop," an air force constellation, by W. Averell Harriman, special Presidential assistant for foreign affairs; Secretary of the Army Frank Pace; Philip C. Jessup, ambassador-at-large, and Dean Rusk, assistant secretary of state for foreign affairs.

Mr. Truman is due at Hickam Field, Honolulu, about 8:30 a.m. Hawaiian time (1:30 p.m. EST). He will remain there until about midnight; then will leave on the last leg of his flight to meet Gen. MacArthur.

"must" If we expect to be intelligent Christians. The American Bible Society distributed in 1949 over 9 million Bibles, Testaments and Gospels in the United States and foreign lands. It is engaged in distributing literature for the observance of Universal Bible Sunday on December 10th.

Finding Opportunities Where do we find opportunities to tell of God's Word and its power? Often in very ordinary places such as the street car, while waiting for a bus, or on a picnic or even at a ball game. Maybe you can interest friends or neighbors in attending church or assisting in some philanthropic work. Of course, teaching the Bible in Church School is the very finest opportunity to instill the joy of reading the Bible with understanding.

This matter of reading the Bible with understanding or without understanding is admirably illustrated in the text from Acts where Philip, lay evangelist of the early Church, found an unexpected chance to help another man. Philip was directed to travel south on the desert road toward Gaza. There he encountered an Ethiopian eunuch in a fine chariot. The Ethiopian had been to Jerusalem to worship and was now on his way home, and in the meantime, reading his Bible, a passage from Isaiah. Did the plain preacher approach this important person?

Philip did and asked the eunuch if he understood what he was reading. The reply was earnest: "How can I, unless some one guide me?" Which gave Philip the opportunity to explain about Jesus, the "sheep led to the slaughter." Right there the eunuch received understanding, accepted Christ and was baptized. "O Word of God, incarnate, O wisdom from on high, O Truth unchanged, unchanging, O Light of our dark sky!"

2. Man's religious development.
3. To show the way of salvation.
4. Revised Standard Version.
5. Over 9 million.
6. As source of knowledge, guidance and inspiration.

Miners' Benefits Announced Today

Washington, Oct. 13 (AP)—Miners' hospital and disability benefits which the coal industry estimates will cost \$2,000,000 a month were announced today.

The United Mine Workers Welfare and Retirement fund, headed by UMW President John L. Lewis, announced schedules of benefits for totally disabled coal diggers, older widows and dependent children of deceased miners, and the extension of hospital and medical services to widows and adult dependents.

For the time being, this schedule completes the program of benefits to come out of the \$150,000,000-a-

year welfare fund collected through a 30 cent royalty on each ton of coal produced. The contract signed last March 5 boosted the royalty from 20 to 30 cents a ton.

The fund was exhausted last year after Lewis and his fellow fund trustees distributed more than \$100,000,000 in benefits to miners and their relatives. But it is fast building up again under the 30 cent royalty, and the trustees have tightened requirements and cut out some of the expensive services of last year's fund.

While most of Korea's mineral wealth is in the northern part of the country, several minerals are found in large quantities only in the south.

CRIME PROBERS MOVE TO PHILA.

Philadelphia, Oct. 13 (AP) — The Senate Crime Investigating committee moved from New York to Philadelphia today with plans to throw its spotlight on a \$100,000-a-year policy racket preying on school children.

Senator Estes Kefauver (D-Tenn.), chairman of the committee, said the crime probers have reason to believe the major gambling activity in the Philadelphia area is the policy or numbers racket.

Alfred M. Klein, assistant counsel for the committee, estimated the

gross annual take of the numbers game here at \$100,000,000, including "the pennies of countless school children."

Among those to be heard during the committee's closed door sessions in Philadelphia will be: Richard Samuel, son of Philadelphia's mayor Bernard Samuel; Judge Joseph Sloane of Common Pleas court and another unnamed jurist; director of public safety, Samuel H. Rosenberg; Police Superintendent Howard P. Sutton and other members of the police department, and Frank (Blinky) Palermo, manager of lightweight boxing champion Ike Williams.

Rosenberg and the two jurists agreed to appear voluntarily while Richard Samuel, the police official

Penna. Marks Time On C-D Legislation

Harrisburg, Oct. 13 (AP) — The Commonwealth is marking time today on civil defense legislation until Congress does something about the matter.

Alton C. Miller, executive director of the state military and civil defense committee, said his staff is limited to working on tentative drafts of legislative proposals until Congress enacts a master law.

"There's little else we can do because if we proceed in one direction on this program, Congress may ultimately come up with something different," said Miller.

Miller is working closely with Deputy Attorney General Harrington Adams on a bulky draft of a law suggested as a model by the National Security Resources board.

and Palermo were subpoenaed. Samuel, who is a personal property assessor in the board of revision of taxes, was told to bring his financial records.

Judge Sloan has been active in efforts to uncover the heads of Philadelphia's gambling kingdom.

"That draft is entirely too long and too cumbersome to be workable at any degree of efficiency," said Miller.

Duff And Fine In Northeastern Pa.

Milford, Pa., Oct. 13 (AP) — Gov. James H. Duff, Republican senatorial candidate, and his running mate for governor, John S. Fine, rejoined forces today for a campaign tour of northeastern Pennsylvania counties.

The two were scheduled to speak in Pike, Wayne, Susquehanna and Wyoming county communities.

The governor comes here from Philadelphia where he made a Columbus Day address last night at a banquet sponsored by the Sons of Italy.

Duff also made a campaign speech on television. In it he rebuked the federal government for halting work on its agreed share of the Schuylkill river cleanup project.

Especially wary when awake, the weasel is a sound sleeper. It can often be taken up by the head, feet or tail and swung around for a considerable time before it awakens.

News Briefs

Philadelphia, Oct. 13 (AP) — The driver of a fire truck which crushed a woman to death against the wall of a South Philadelphia house and a motorist whose car struck the truck and sent it out of control get hearings today on charges of involuntary manslaughter.

The woman was Mrs. Ann Palkin, 63-year-old dressmaker. She was killed in the accident which injured seven other persons, six of whom were firemen thrown to the street from the long ladder truck of company 27 yesterday. Its driver was identified by police as Anthony Borillo, 6.

Washington, Oct. 13 (AP) — The Korean war has forced postponement of the acquisition of sites for new postoffices at Lebanon and State College, Pa.

An official of the general services administration said yesterday that the delay was decided on in conformity with a recently-established

policy to hold off on "certain federal projects not connected with national defense."

Wellsboro, Pa., Oct. 13 (AP) — Senator Francis J. Myers carried his campaign for reelection into Tioga county today after telling Bradford county voters the Democratic party had to override Republican opposition to obtain the rural electrification program.

The Democratic candidate was scheduled for noon talk here before going on to Philadelphia for two speeches tonight, one before the police athletic league dinner and the other a television broadcast.

Croat troops, who came to France as "Mercenaries" in 1900, brought the first bright colored fancy neckpieces with them. During the "Thirty Years War" their neckpieces were adopted and were called Cravats after the Croats.

The U.S. imported 3,000,000 pounds of mustard seed in 1949.
